OHIO SUMMER DAIRY SHOW HEALTH RECOMMENDATIONS

Safety Guidelines and Precautions:

- We are encouraging families to limit show equipment within the barn space and to minimize gathering at stalling areas.
- Pop-up tents are recommended outside of the barn space for fitting and prep.
- Pop-up tents are also encouraged outside of barns to allow for family units to remain together and support social distancing.
- Animals will be stalled by family herd units to encourage social distancing.
- No groups over 10 people should congregate within 6 ft between you and other families at the show.
- We are requesting families to only be near the ring when their child is showing.
- Mask wearing will be encouraged but will NOT be required in the show ring during class.
- We are asking anyone with compromised immune systems, anyone that is sick, or anyone showing any symptoms, to not attend shows.
- Hand sanitizer stations will be set up throughout the facility.
- Distancing within the show ring will be encouraged and provided.
- Each animal will be permitted in the make-up ring area with one leadsman and one other person accompanying.
- In compliance with guidelines, animals will not be permitted to stay longer than 72 hours per exhibition rotation.
- Open barns and show pavilion will be utilized for all animal housing and shows to ensure optimal ventilation, air flow and encouraged social distancing space.
- Pre-entry will be utilized for all classes including animals and showmanship. Entries will be sorted and grouped to take into consideration class size guidelines and the need for space/social distancing.
- Camping will be permitted in designated camping facilities. No compound camping/grouping will be permitted.
- Exhibitors will enter and exit grounds at designated gates to ensure easy traffic flow and optimal spacing.
- Show ring spacing will be identified with entrance and exit areas for animals to minimize people in areas.
- Air conditioned restroom facilities will be available throughout the event, including showers.

Liability Waiver:

Through completion of the entry form and by providing your signature, exhibitors are releasing liability of the Ohio PDCA, Spring Dairy Expo, and the Pickaway County Agricultural Society.
